

I am a language learner, searching for an \_\_\_\_\_  
and \_\_\_\_\_ way to support my language learning.

I am a language learner, searching for a simple and  
noun adjective  
quick way to support my language learning.  
adjective

## Initial Appraisal

I never check my duolingo even though I want to keep up with my learning.

## Why?

It feels so overwhelming.

## Why?

There are so many ways to study.

## Goal

Keep the actions simple and the scope of the project not too wide.

## Initial Appraisal

Continuing to learn a language after school is too hard

## Why?

There isn't a designated time to learn anymore

## Why?

I can't set aside large chunks of time for learning

## Goal

Make interactions quick and easily integratable into everyday life
